

Quick-change filters SF1

Double safety switch for covering cap; lever-operated quick-release. The quick-change filter is available in two variants: Feeding from bottom ("EU") and feeding from top ("EO").

Materials	PP, PVDF	
Gaskets	EPDM, FKM, NBR	
Filter elements	Strainers, wound cartridges	
Particle retention	25µm - 80µm (strainers) 0.3µm - 100µm (wounded cartridges)	
Housing length	10"	20"
Number of cartridges	1 x 10"	1 x 10"
Filtering surface	0.053m ²	0.11m ²
Housing volume	2375dm ³	4.25dm ³

Quick-change filters SF3

Double safety switch for covering cap; lever-operated quick-release.

Materials	PP, PVDF	
Gaskets	EPDM, FKM, NBR	
Filter elements	Wound cartridges, filter bags, activated carbon	
Particle retention	0.3 - 100µm (wounded cartridges)	
Housing length	10"	20"
Number of cartridges	3 x 10"	3 x 20"
Filtering surface (bag)		0.2m ²
Housing volume (without filter elements)	8.42dm ³	13.5dm ³
Fill weight (activated carbon)		2.250kg
Act. carbon canister		65dm ³
